

FORDPASS CONNECT

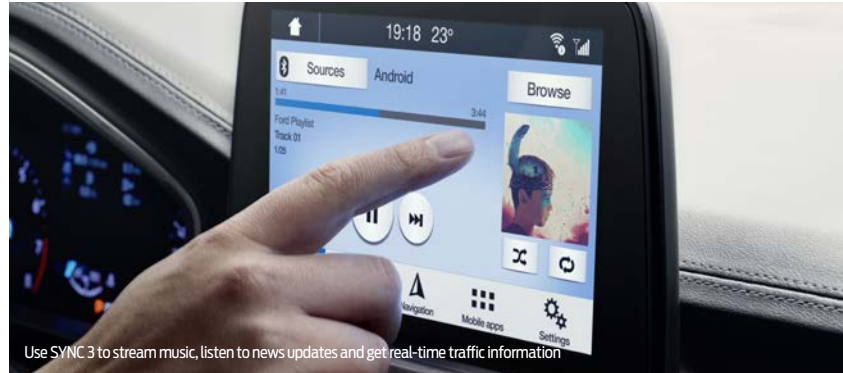

Go Further

FordPass Connect onboard modem technology turns the vehicle into a mobile Wi-Fi hotspot and provides access to connected services via the FordPass app

The all-new Ford Focus is the first vehicle in Europe to offer FordPass Connect capability

Use SYNC 3 to stream music, listen to news updates and get real-time traffic information

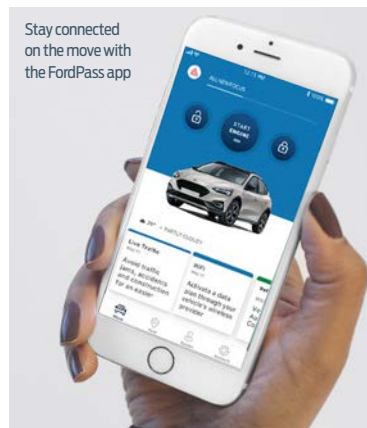

EFFORTLESS CONNECTIVITY

FordPass Connect is designed to make the driving experience easier and more enjoyable than ever before, with features that help save customers time and hassle:

- **Live Traffic updates** enhance the SYNC 3 navigation system*
- **Wi-Fi hotspot** enables up to 10 devices to connect to the internet**
- **eCall** automatically dials emergency services in the event of a serious accident

Drivers can also take advantage of a range of convenient features and connected services via the **FordPass mobile app**:

- **Door Lock & Unlock** for those moments when you can't remember if you locked your vehicle
- **Vehicle Locator** helps owners find their car in large car parks
- **Vehicle Status** checks fuel levels, alarm status, oil life and more
- **Remote Start***** for vehicles with eight-speed automatic transmission, including the ability to remotely de-ice the windshield on cold mornings

Stay connected on the move with the FordPass app

The FordPass Connect onboard modem and FordPass app enable customers to interact with their vehicles like never before

FEATURES

FordPass Connect is activated within the My Vehicle section of the FordPass app, and confirmed within the vehicle itself on the display screen

When parked, users can access the hotspot up to 15 metres outside the vehicle

Multiple vehicles can be added to a FordPass account, and there is no limit to the number of FordPass accounts that can be linked to a vehicle. For families with more than one vehicle, this means each family member can manage every vehicle.

Wi-Fi connectivity inside and outside the vehicle

*Live Traffic is free for the first two years **Complimentary wireless data trial expires at the end of three months or when 3GB of data is used, whichever comes first. Afterwards, data bundles can be purchased from Vodafone to continue using the Wi-Fi hotspot ***In regions where permitted by law
